3 Due to the call volume of EMS, dedicated services are subject to the availability of crews and emergency vehicles. In addition, even if the Standby User requests and agrees to the condition of dedicated standby services, certain extreme, catastrophic, or immediate life-threatening emergencies may still require EMS to utilize technicians/ambulances assigned to the dedicated standby for outside incidents. If this occurs during a scheduled dedicated standby (with this Agreement in place) and a lapse of on-site EMS coverage occurs, another ambulance/crew will be routed to the event upon availability.

4 The fee for the dedicated standby service is outlined in the Fitch-Rona fee schedule below. The hourly charge for this service begins from the time the crew arrives at the designated standby until it is released from the event, with a two-hour minimum charge per dedicated standby service.

6 EMS reserves the right to refuse any request for Standby at any time before the date of service. This refusal to provide service shall only be made on a reasonable basis and based upon the availability of resources and factors unforeseen at the time of the initiation of the agreement. Additionally, either party may cancel this agreement with forty-eight hours' notice. Should the Standby User cancel with less than twenty-four-hour notice, then the Standby User shall be responsible for the payment of two hours of Standby time as outlined in the Fee Agreement.

7 Nothing herein shall be construed to create a higher level of care on the part of EMS than generally recognized under the laws of the State of Wisconsin for EMS services.

8 The charges provided herein reflect only those associated with making EMS readily available to the Standby User. The normal charges for the care and transportation of patients will be the responsibility of the patient unless the Standby User has made alternate arrangements with EMS and documented them on the rate sheet.
